

# Streamline Cash Flows and Get Paid Faster with Rocket Matter Pay

## **Law firms have plenty of good reasons to offer online credit card processing:**

- Faster, more reliable payments
- Less administrative time spent processing checks and reconciling books
- Offering clients the payment options they actually prefer

But why have so many firms chosen not to take advantage of all the benefits of credit card processing?

It almost always comes down to two issues: trust accounting compliance concerns and high processing fees.

That's where Rocket Matter Pay comes in. We offer simple, compliant payment processing for law firms—with competitive, transparent rates for every card type.

# Faster, Simpler Invoicing and Payments

Rocket Matter Pay helps your firm collect payments faster, streamlining your collections and improving your law firm's cash flows.

## EFFORTLESS ONLINE INVOICING

Printing, stamping, and mailing invoices, then waiting weeks for your check to arrive, then processing and depositing those checks—it's not just a hassle for your firm, it's also a waste of your time and a major drag on your cash flows.

With Rocket Matter Pay, you can send PDF invoices to your clients in just a few clicks—then let your clients pay quickly with their card of choice (or by eCheck). No more sending paper invoices by mail and waiting on checks!

## LIGHTSPEED PAYMENT PROCESSING

While other payment processors may hold your funds for days before they release them into your account, Rocket Matter Pay can help you see your funds in as little as 12 hours.

## Ensure IOLTA Trust Accounting Compliance

Many law firms worry that accepting credit card payments will put them in violation of IOLTA Trust Accounting rules. And if you're using a generic payment processing software, this concern is well-grounded.

Most payment processors withdraw fees from the same account they deposit funds into, making compliance violations almost inevitable. Rocket Matter's legal-specific payment processing can help you ensure that no processing fees ever come out of your trust account.

When you use Rocket Matter Pay, you can withdraw all processing fees from your firm's operating account while depositing funds into your client's trust account. Your firm gets paid quickly and clients stay happy—all while maintaining compliance.

# Automate Your Payments

We also make it easy to set up alternative fee arrangements with automated recurring billing. Establish a monthly fee and store credit card information to automatically collect monthly payments from clients.

## CARD ON FILE

Store your client's card information securely in Rocket Matter to save time on future transactions and streamline recurring payments.

# Transparent pricing

Many payment processors advertise low rates, only to surprise you with hidden fees or premium rates for certain card types. At Rocket Matter Pay, you'll enjoy a competitive low rate for all card types, including Amex—without unwelcome surprises.

No hidden fees. No monthly fees. Just transparent, easy-to-understand pricing.
